## ALPINE SPACE FOR INSPIRATION

Tirol boasts a new top location in the congress and event sector. Gurgl Carat in Ötztal offers comfortable space for up to 520 participants in conferences, conventions, seminars and meetings. The building's futuristic architecture resembles the shape of a polished diamond, paying homage to the destination Gurgl - the „Diamond of the Alps“.

The field of activity comprises three exciting areas:

**Science** – Gurgl has a long tradition in the field of science. The University of Innsbruck is a co-operator of Gurgl Carat, therefore the convenient location of Gurgl will be expanded over the long term and supplemented by top-class formats and congresses.

**Economy** – Gurgl Carat offers truly inspiring surroundings for international companies during their meetings and events on the way to the future.

**Culture** – Thanks to an innovative concept, both locals and guests will be offered a varied cultural program of outstanding quality.

# THE PREMISES

## Ground Floor

Gurgl Carat offers space for varied, highly flexible event formats on two levels. The entire building is barrier-free.

The information area for participants and the cloakroom can be found in the foyer. A separate back office is available to the organization team during the event. The entrance foyer can be expanded by including a roofed outdoor area separated by a tent, which also offers enough space for large trade fairs, shows and exhibitions.

# THE PREMISES

## Upper Floor

Thanks to a flexible room concept, meetings can be held in up to four rooms at the same time. The largest room at 450 m<sup>2</sup> offers space for 470 people. Smaller meetings can also take place in the separate break-out room at any time. The seating of the rooms is freely selectable, so there is also the possibility of a festive gala seating in addition to the classic conference seating options.

## THE ROOM TECHNOLOGY

State-of-the-art event hall technology has been installed for international top events. The highlight is the 100 m<sup>2</sup> front screen with three powerful full HD beamers and a high-quality L-Acoustics sound system. On a twenty meter wide and five meter high screen, product presentations and video shows can be experienced in a true cinema atmosphere.

A large selection of technical equipment is available at Gurgl Carat, it can be ordered optionally. The single components are all digitally connected and adapted centrally in the control room.

An expert in-house technician is available for support during the entire event, ensuring that everything runs smoothly from a technical point of view.

## THE EVENT SERVICE

The expert Gurgl Carat Event Team is always on site and offers all customers the entire range of services from a single source. Services such as room rental, catering and supporting programs can be booked. We will also gladly assist you in finding first-class accommodation near Gurgl Carat. Most of the hotels are located in the immediate vicinity of the congress center and can be reached quickly and easily on foot.

Of course, special customer requests are always taken into account. Branding indoors and outdoors, the setting up of exhibition stands and the presentation of products are available as well.

## THE DIAMOND OF THE ALPS

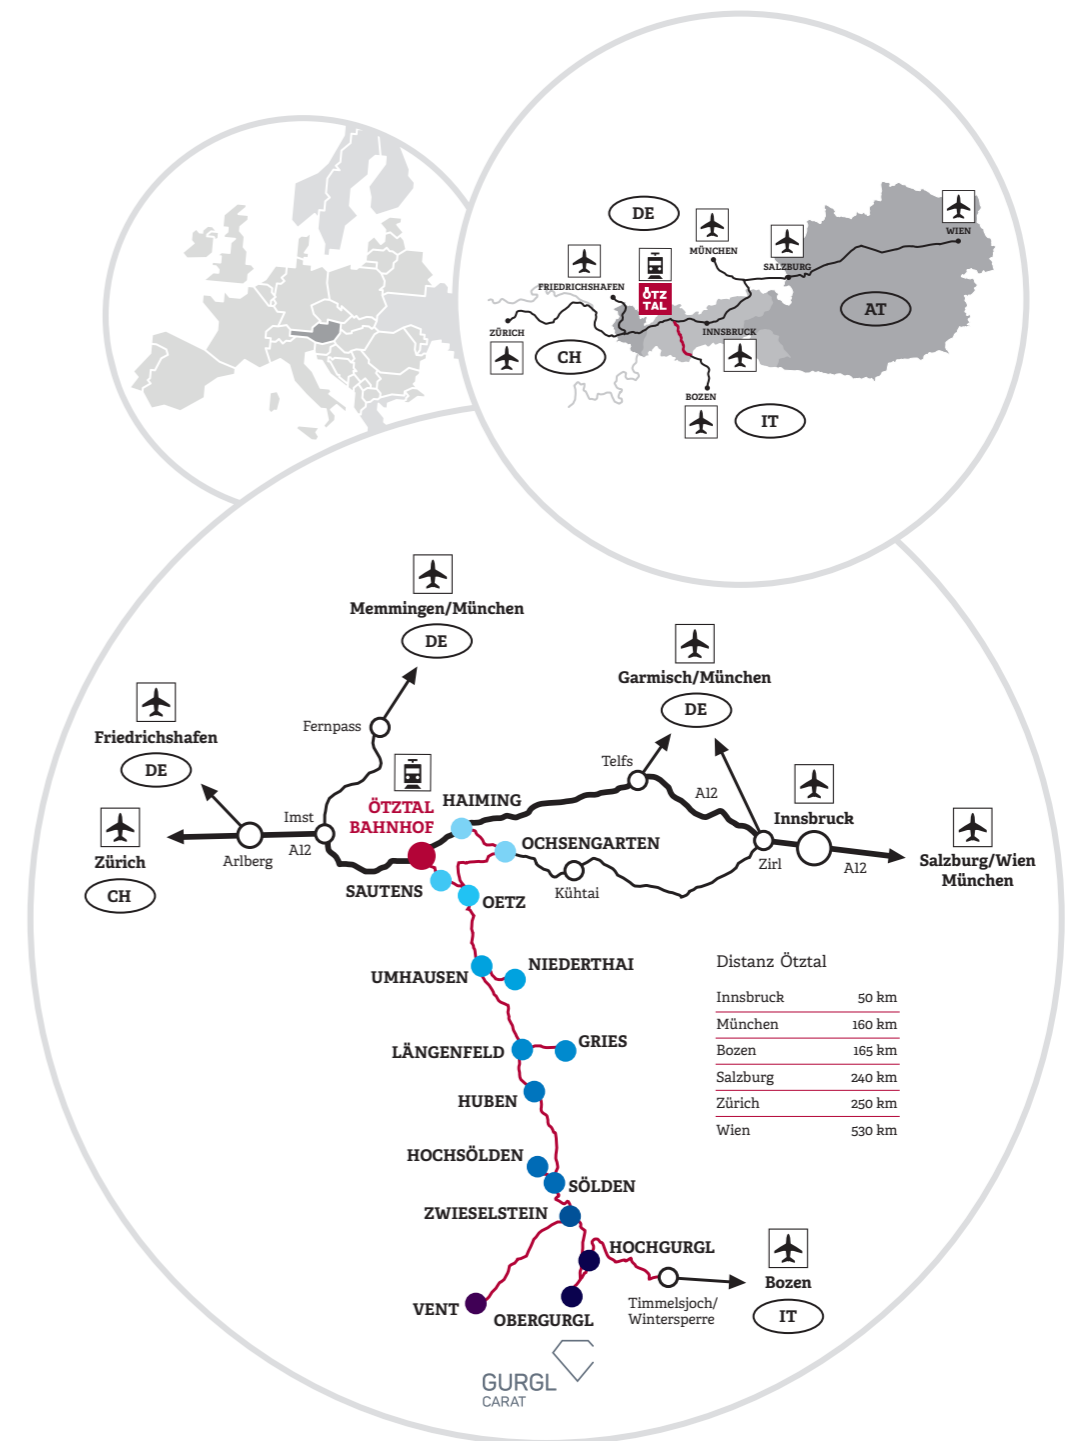

Gurgl Carat is located right in the center of Ötztal's village of Obergurgl and offers countless opportunities for exciting side programs amid nature - in addition to successful meetings. A truly great advantage is the proximity to the Gurgl mountain lifts and the unlimited number of hiking trails in summer and ski slopes in winter. After a relaxed journey, both the car and shuttle bus are no longer needed on site as all facilities and premises are only a few walking minutes away.

If the mountain experience alone is not enough in Gurgl, there are other brilliant incentive programs within Ötztal such as the Top Mountain Motorcycle Museum, 007 Elements, iceQ or AREA 47. Of course, classic team building activities are also available on request. Ötztal's awesome nature offers almost unlimited spaces and a huge choice of possibilities.

## HOW TO GET HERE

Gurgl is located in the heart of Europe and has excellent transport connections. There are several airports in close vicinity, the nearest one can be found directly in Innsbruck, and traveling by bus and train is easy to organize.

The Gurgl Carat Event Team will be happy to help you with the detailed planning. Furthermore, we can rely on long-standing business partners.
